

RIVERWOOD

LOCATION: RIVERWOOD PARK, CITY OF KITCHENER
CLIENT: HALLMAN CONSTRUCTION WITH
THE CITY OF KITCHENER
TYPE: PARK DESIGN AND DEVELOPMENT
DATE: 2008

MHBC worked closely with the Developer and the City of Kitchener to create a feature neighbourhood park as the gateway to the Riverwood Subdivision.

The project included input to further develop long-term park and neighbourhood maintenance guidelines for the City of Kitchener. The combination of an active play area with a grand entrance signage feature come together to welcome residents and visitors to the neighbourhood.
